JOIN THE RUNNING SOCIETY

OUR ACTIVITIES

We are continuously seeking to build a group of keen runners with the aim of providing a fun and friendly environment through which runners of all levels can participate. We welcome runners of all abilities whether you are an experienced runner looking to run with a group or a beginner dipping their toe into the running community. We meet up during local or regional competitions. There is something to suit all tastes because over the course of the year, we propose more than 70 races.

RACES

- Road races.
- Trail races.
- Relay races.
- Nordic Walking competitions.
- Triathlon races

TRAINING

-We have a partnership with Blagnac Sporting Club for running track workouts or Nordic Walking sessions with qualified coaches (optional activities with yearly fee). Yet, most of our members choose to train in their own time. We are free to use the AISC changing rooms and showers.

We also organize information sessions for our members, presented by specialists in their field (chiropractic, nutrition, stretching, psychological preparation...).

SPECIAL EVENTS

- International Marathons.
- Open Days: Open to all Airbus SAS employees:
 - Road Races: Blagnac 10K & 21K,
 - Regional Trail Race. - "Exotic" Trail Races in stages: Raid Dogon (Mali, 2007), Transtica (Costa Rica, 2010), Ultra Trail (Morocco 2012).
- Exchanges with associations of other Airbus sites, corporate events (European or World Enterprise Sports Championships).
- Residential weekend training (2015 Gers, 2016 and 2018 Ariège).

SUBSIDY

Our Society subsidizes registration fees for the races listed in its catalogue (Race Calendar) when a sufficient number of members are enrolled and one of them volunteer to take care of a group registration. Carpooling and transportation costs are the responsibility of participants.

For international races, accommodation and travel costs are subsidized according to the AISC rules in effect.

We also subsidize part of the FFA or FFTri license when registering a club to encourage training in a framed structure.
